

## Volunteer School Governors Required

We are seeking volunteer governors for the two schools within Lakes Academies Trust - Knowles Primary School and Water Hall Primary School, both in Bletchley.

We would welcome volunteers with education or business skills; you do not need any former school governance experience.

Our governing boards usually meet once a term (three times a year) at the respective school. Meetings are on average one and a half hours long with an agenda that discusses the educational and business aspects of the school.

If you would be interested in finding out more about this role, please email the Trust's Governance Manager, Carole Anderson at - [carole.anderson@lakesacademiestrust.org](mailto:carole.anderson@lakesacademiestrust.org)
