Festive Family Fun Day Update

We are really excited about our upcoming Festive Family Fun Day event on 27th November and we have arranged a fantastic variety of stalls and entertainment for the day.

One element of the day was due to involve live camels working with an experienced and certified provider. The Town Council was satisfied with the welfare information from the camel provider and we had carefully assessed our joint arrangements for the day taking into account the well-being of the animals before advertising this attraction.

However we have listened to the concerns of members of the local community who were very upset by this plan. We thank all those people who have contacted us and explained their views and based on their feedback we have decided to withdraw this attraction. This is one small change to a fun-filled day for all ages to celebrate the festive period and we look forward to welcoming everyone to our Festive Family Fun Day event.
