

Policy on making oral representations to MK DCC Council Meetings

- 1 Bletchley and Fenny Stratford Town Council will comply with the procedures adopted by Milton Keynes Council for the purpose of making representations to Development Control committee meetings.
- 2 In the majority of cases representations will be made in writing because this is the most cost effective use of public funds
- 3 From time to time issues may arise which merit an oral representation because of the significance of the issues involved and/or the strength of community feeling. In these circumstances the decision to send a representative of BFSTC to speak at a meeting will be made by council resolution.
- 4 Unless a resolution specifies otherwise all oral representations will be made by the Chairman, the Vice-chairman (or in their absence the Town Clerk).
- 5 All representations made on behalf of BFSTC must accurately reflect the resolved position of the council and if practical the text of representations will be approved by council and checked by the clerk before the representation is made.

Adopted: December 2016

Due for Review: December 2018
