Photos from the Fenny Poppers Festival Facebook Page

It has been another very busy and fun summer across Bletchley and Fenny Stratford this year. The following events took place throughout July and August: the Town Council's Bletchley Big Street Eat in Queensway, the Fenny Stratford Canal Festival arranged by the Inland Waterways Association - Milton Keynes Branch, Fenny Poppers Festival organised by the Fenny Poppers Team and finally MKPA Play Sessions took place throughout our area. The Town Council gave Community Grants to Fenny Stratford Canal Festival and Fenny Poppers Festival and funded the Play Sessions.

It has been fantastic to see these events be so well supported and we are already looking forward to future events, including our next Food and Craft Market on Saturday 24th September. More photos and videos are available to view on our website and social media channels and you can find out more about our Community Grants on our website: www.bletchleyfennystratford-tc.gov.uk

Message from our Chair

Dear Resident,

I hope you have had a wonderful Summer. This year we experienced a summer like no other, with baking hot temperatures, and a return to normality after spending the last two years in a pandemic.

The highlight of my summer was the Bletchley Big Street Eat. Queensway was closed from Stanier Square to Elizabeth Square with two stages providing entertainment, and the town centre filled with street food vendors, market stalls, art, and lots of things to do. This was our new carnival style event which celebrates the cultural diversity of Bletchley and Fenny Stratford. The event culminated with a Colour Festival where children and adults covered themselves and others in coloured dry powder. It was amazing to see all the different colours mixing and everyone having so much fun. Check out the video on our YouTube channel!

Bletchley Big Street Eat also showcased our inaugural Pride of Bletchley & Fenny Stratford Awards, where we recognised people and businesses that live, work or operate in Bletchley and Fenny Stratford. It was a delight to meet with all the winners and present them with a certificate for their service to the local community. Pictures and more information about this year's award winners can be found in this newsletter on page 8.

It was also wonderful to welcome thousands of football fans to Stadium MK for the UEFA Women's Euros. I was lucky enough to attend one of the games with my football fan son, it was his first ever stadium match which he thought was amazing. The game we saw was a fantastic fun family atmosphere. Congratulations to all at Stadium MK for such a well organised set of games.

Coming into August, we had the Fenny Stratford Canal Festival held on the canal between Bridges 96 and 97 of Grand Union Canal. We saw a floating market, radio-controlled model boats, craft and charity stalls. The new community canal boat Electra also visited Fenny Stratford from its base at Campbell Park.

The following week, it was great to see Fenny Poppers and people enjoying many of the bands on the main stage, and Fenny Stratford's resident drag performer Sandy Flaps. The Town Council is the largest funder of the event, and it was great to see so many people enjoying themselves.

Our councillors and staff team have worked so hard to provide a range of events in the Town Centre that bring the community together and bring more people to come and visit.

Don't forget to come to the Bletchley Food & Craft Market on 24th September, our Halloween Hunt on 29th October and our final event of 2022 will be our Christmas Festive Family Fun Day on 3rd December. More information to follow, but one thing I can tell you is that we will be having completely new Christmas lights this year!

I look forward to seeing you soon.

Every May and November FCC Bletchley Landfill site hold a local liaison meeting in our site offices. These meetings are an opportunity for the representatives of the local community to meet with us and to discuss any concerns that they may have regarding the landfill.

Counselling and Support Available

The Town Council continues to work in partnership with West Bletchley Counselling Service to allow our residents to access wellbeing and counselling support.

Article from West Bletchley Counselling Service:

Anxiety...disappointment...anger...sadness...stress...helplessness...guilt...overwhelmed...harassed...family issues...bereavement...abuse...vulnerable...shame...depression...relationship problems...hurt...loss of direction...Work....

Often we find it difficult to talk to those closest to us and, feeling we have nowhere to turn, we can end up hiding feelings deep inside, causing us sorrow, distress and pain.

Residents of Bletchley and Fenny Stratford Town Council struggling with such situations can access free counselling, subsidised by the Town Council, as a support route to moving forward.

Through counselling, you can take time away from your daily routine, to think about what parts of your life need to be changed. It offers you an opportunity of finding your own unique way of achieving a more complete and satisfying life. With an experienced counsellor, you can discover your own answers as to how you can be more comfortable with your life and relationships; both with yourself and with others.

If anyone feels that they would benefit from some support at this time, just call or email and the West Bletchley Counselling Service will carry out an initial assessment to see if this is the right support service for you.

Please call: 01908 370 860 (phone lines are open between 10am-12pm and 2pm-4pm with voicemail facilities available too) or email: wbwbcounselling@btconnect.com

Making Our Community Dementia Friendly

Article from Alzheimer's Society

Why it matters

Two thirds of people with dementia live at home. Some still work and drive. There are an estimated 1,596 people over 65 living with dementia in Milton Keynes. 4,242 people will be living with dementia in Milton Keynes by 2030.

Often people stop doing the things they enjoy in their local community as their dementia progresses because they are worried about getting the support they need. This is due to lack of understanding, stigma of the condition, confusing processes and inaccessible environments. The impact on people's quality of life and implications on their health is huge, not being able to access parts of community life such as shops or pharmacies; but also other aspects of everyday life such as financial services or leisure pursuits.

We must consider how dementia will impact our local community. So, the Town Council are working with Alzheimer's Society in Milton Keynes to make our area more welcoming and supportive for residents and visitors.

Becoming a Dementia Friend is the first step to making our local area dementia friendly

A Dementia Friend is somebody that learns about dementia so they can help their community. They turn their understanding into action. From being more patient in a queue to visiting someone you know with dementia.

Dementia Friends can also get involved with things like volunteering, campaigning or wearing a badge to raise awareness. We need the whole community to get involved. Our businesses, shops, cafes, pubs, hairdressers, plumber, electricians, and window cleaners etc. can become dementia friends and become recognised as 'working to become dementia friendly'.

Activity groups, clubs and faith groups can get involved too. People with dementia and their carers want to carry on doing the things that are important to them. We can all make a difference.

See the details below and let's get started!

Become A Dementia Friend - It's easy to become a Dementia Friend. Alzheimer's Society volunteer Ambassadors are running in-person Information Sessions as well as virtual Information Sessions that you can book on to attend. Or you can watch our short online video to join. Go to: www.dementiafriends.org.uk/become-dementia-friend

Become a more dementia friendly business – For more information and support on how to make your business or organisation dementia friendly contact our Dementia Friendly Communities Coordinator:

Make your Club or Group Dementia Friendly / Dementia inclusive - For free information about making your art club, walking group, social club in Milton Keynes dementia friendly please contact Annlouise.Taylor@alzheimers.org.uk

Have you heard about Social Prescribing? Did you know Social Prescribing improves people's health and wellbeing?

Pamela, a resident of Bletchley and Fenny Stratford, is keen to share how Social Prescribing has made a difference to her own health and wellbeing.

Age UK Milton Keynes provides a free Social Prescribing service for adults 18+ living in Milton Keynes, commissioned by BLMK Integrated Care Board. We describe Social Prescribing as "an approach to empower people to have the best wellbeing possible through engagement with the community."

Pamela was referred to Social Prescribing, Live Life as she was using expensive accessible taxis, feeling bored and unable to go out as often as she needed to – this was having an impact on how she felt; she described "I was very down when we first met." Pamela met Lucy,

Social Prescribing Link Worker, and through conversation explored her health and wellbeing, what is important to her and what she would like to achieve. Pamela's goals were to go out, using affordable transport, to meet other people. Since meeting Lucy, Pamela has applied and received a disabled bus pass, registered for the MK Connect Service, and now enjoys being independent, feeling safe to go out. Lucy supported Pamela for the initial trip, ensuring Pamela felt confident using the app to book transport.

Since that first trip Pamela has made several journeys "its brilliant everyone talks to you.....it has lifted my mood, unbelievable." Lucy referred Pamela to Arts on Prescription, Age UK Milton Keynes Friendship Group and found other social groups for Pamela to join. Pamela says all of this will help her not only meet people but find out what is happening.

Pamela explains the difference Social Prescribing has made "I am going to bed at night and actually sleeping...instead of sitting up all night thinking what am I going to do tomorrow...everything is totally different, how I am dressing, going out all over the place...I'm on Life." Social Prescribing really does improve people's health and wellbeing, Pamela describes it as "like Pandora's box...you open the box and see how many things you can do....there's all sorts of things that can help."

Thank You to Pamela for sharing her experience of Social Prescribing.
